To the D C B statement for the quarter ended 30-6-43 in regard to the A P charges of water works

32 A statement showing the arrears

of Rs and Standard charges of water supply outstanding against the several villages for the period ending 30-6-43 is subject to final audit by N ?

33) It is seen therefrom that a sum of Rs 67,481/- has been received during the quarter as against a demand of Rs 2,55,690/- outstanding as arrears leaving a balance of Rs 1,88,508/-

34) In respect of the current demand including the opening balance, for a total sum of Rs 1,72,526/-, the collection made is Rs 1,16,150/-, balance outstanding being Rs 56,376/-

35) In the matter of the Bangalore dist, heavy sums are outstanding against the Doddaballapur & the Channapatna villages. Recently a letter was issued to the effect that amount in respect of the Doddaballapur villages should be received very early, and the proposal of the Doddaballapur villages to pay the current demand including the arrears in instalments was turned down in view of the fact that it was already shown some concession to pay its arrears in the instalments of Rs 12,000 each per annum. As regards Channapatna, further information called for in the matter is awaited.

36) In the villages of The Tumkur, Mysore, Kadur chitaldrug and the Kolar Dists, the collection both unrespect of the arrears and the current demands seems to be fairly good

37) In the Bangalore Dist, the statement shows that there is no improvement towards the adjustment of the charges in regard to the water works at Nelamangala, French Rocks and the Seringapatam

38) As regards Kolar and Kanakapura water works, no action seems to have been taken for the payment of the demands both in respect of the arrears and the current one Hassan Dist this fact has already been brought to the notice of the D C Hassan Dist from this office for necessary action

39) In the Shimoga Dist, a heavy sum of Rs 79,330/- is outstanding against the Shimoga Municipal ct and the statement shows no collection during the year towards the arrears of Rs 86,241/-

40) Subject

41) Statement N is for perusal

A M charges of water works

86/ A copy of Govt of Ind dy 27-11-44 sanctioning the budget estimates of the Kolar Town mly- for 44-45 and advance received is submitted. It is seen therefrom that the financial position of the mkt el is not satisfactory.

87/ Subject with reference to para 85 supra

28/11

88/ The Kolar municipality supplied water to a number of consumers including arrears of maintenance of water supply charges at the place. My grievance that the entire amount should be remitted by the Govt. in view of their low financial position

89/ Govt has every right to collect water charges. But I have already shown concession to this city by asking it to pay up the arrears in eight instalments carrying interest at 4% p.a. This was in the year of economy

Till now, no action has been taken by the Board to act in accordance to the orders of Govt on the other hand, it has been repeatedly urged that the amount might be waived off. It has been the policy of Govt not to waive the arrears of annual maintenance charges, as they represent the actual Cash outgoings from the Treasury On the other hand, the Govt have given liberal grants for works of public utility to the Board on a generous scale & it would not therefore be advisable for the local body to shirk its responsibility in this direction the expenditure on maintenance & water supply is an important item of expenditure. Having regard to the circumstances, the request of the Kolar Town Board to waive the arrears of Rs 16,768/- may not be complied with.

Yours faithfully

Re Annual Maintenance charges of the Water Works due from the several Municipalities and action taken in the matter

---

Sir,

Flag A With reference to your letter No L 9273/M1 118-42-45 dated 13-3-43 on the above subject, I have the honor to enclose herein a statement showing the arrears due from the several Municipalities to the Bureau of Sanitary Engineering, Bangalore, at the end of December 1942 and the action taken by this office to retrench the dues from the Treasury balances of the concerned Municipalities wherever the closing balances permitted such a course

In the case of Municipalities whose Treasury balances ~~ax~~ were in excess of the dues, action has been taken as mentioned above, and dues

dues adjusted in part or in full keeping in view the normal requirements of the Municipality

As regards other Municipalities, detailed in the enclosed statement, it is seen that the Treasury balances fall short of the dues recoverable and so the Deputy Commissioners have to obtain orders of Government to pay the arrears in suitable instalments along with the current demand as suggested in this office letter No 392/WAD I dated 7-12-42 addressed to Government

With reference to your letter No L 1583/41 118-42-62 dated 6th August 1943 observing that necessary action has not been taken in spite of instructions issued in G O No L 9090-9103/41 130-42-170 dated 9th March 1943, I have the honor to enclose herewith a copy of the D C B Statement for the quarter ending June 1943 and a copy of Sanitary Engineer's letter No 414 dated 27th September 1943 reporting the action taken by him in regard to the collection of the arrears on the lines laid down in the Government Order of 9th March 1943.

The case of the Municipal Councils of Kunigal, Seringapatam and Shimoga who have defaulted in respect of either the arrears or the 1/12th advance of establishment, or both, in spite of orders of Government, as pointed out by the Sanitary Engineer in his letter are specially brought to the notice of Government. A copy of letter No 823 dated 12th October 1943 of the Sanitary Engineer addressed to the City Commissioner, Hassan District, Hassan in the matter of the arrears of the Irrigation Water Cess is also enclosed for the information of Government.

I have the honour to be,

Letter No 414 dated 27th September 1943 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to the Director of Public Health in Mysore, Bangalore.

--

Sir, I have the honour to submit herewith the Demand, Collection and Balance Statement for the quarter ended 30th June 1943 for the maintenance of several water supply stations in charge of the Bureau of Sanitary Engineering.

With reference to your letter No [illegible] dated 27th August 1943 from the Secretary to Government, Law Department, to you, regarding the above, I have the honour to state that the orders issued in G O No [illegible] dated 9th March 1943 are being followed. The monthly D C B statements are being regularly issued to the Municipal Presidents with a special request that they should pay up the arrears and also pay the 1/12th advance [illegible] prescribed by rules. No replies are generally being received from the Municipal Presidents. In addition, reminders are also being sent both to the Municipal Presidents and to the Deputy Commissioner for

for arrears of the three months of the heavy arrears. It is seen that in spite of these reminders sent from this office, no action has been taken for the clearance of the heavy arrears.

In this connection, I herein enclose the D.C.B. statement as on quarter ended 30th June 1943 which speaks for itself. Several municipalities who have already been in default are allowing the arrears to mount up in spite of the above reminders, indicating that there is no serious attempt on their part to clear the same. In the case of Kanjal Municipality, Government in their letter G.O. No. 1100/41 F3-41-11 dated 16th October 1942 have ordered that monthly instalments of Rs. 300/- should be paid towards clearance of arrears in addition to the 1/12th advance on the estimate towards current charges. Against this only two instalments of Rs. 300/- each have been paid in the months of January and May 1943 and they are in default for payment of current charges excepting for a sum of Rs. 345/-.

In the case of Seringapatam, Government have ordered in their letter G.O. No. 9208/41 F1 114-42-11 dated 12th March 1943 that the arrears should be cleared in 10 annual instalments and that the current demand should have to be paid separately. Neither the current demand nor the arrears have been paid by them, excepting Rs. 500/- in the month of August 1942.

With regard to Shimoga water works Government have directed in their Order No. Rs. 8908-41/F1 141-41-10 dated 6th March 1943, that the Municipality should clear their arrears in 10 annual instalments commencing from 1943-44. They have been addressed in this office No. 1858 dated 20th May 1943 drawing their attention to the Government Order and requesting the payment of the first annual instalment.

In this connection, it has to be stated that the response to the monthly D.C.B. statements to the Municipalities and the reminders sent has not been promising. It is, therefore, a matter for consideration as to whether in the case of one or two badly defaulting Municipalities, it will not be desirable to shut down the water supply temporarily until their arrears are cleared.

Lastly, as indicated in this office No. 9090-9102/F1 130-42-170 dated 9th March 1943, the Comptroller has been sent a copy of the D.C.B. statement in the special form required by him, requesting him to effect recoveries from Treasury balances, and copies of the same have been sent to the Deputy Commissioners of Districts.

Letter No. 833 dated 12th October 1943 from the Chairman, Kanjalore, to the Deputy Commissioner, Hassan Hassan.

***

Re: Payment of arrear charges of Rs. of Kanjalore water works.

With invitation to the above, I have the honour to state that as per letter No. 91/43 I dated 8th April 1943, from the Comptroller in Mysore, Bangalore to the Secretary to Government, Municipal Department, Bangalore, Rs. 2,710-8-0 was retrenched from the Municipality's credit in the Treasury and this has been taken to account in this office in April 1943. Further, no credits have been received to end of the official year 1942-43 from the above Municipality and though this office is reminding the President for the 1/12th amount of advance payment for the current year as contemplated in G.O. No. Rs. 16-16/41 191-37-1 dated 2nd July 1938, there is no response from the President. As such, I request you to kindly take immediate action to send the credit for the amount by the Municipality in reduction of the heavy balance of Rs. 3,071-8-1 to end of June 1943.

Sir,

Re. Arrears towards maintenance charges of the Water Works.

I have the honour to state that a sum of ① 22089-2-4 ② 78625-9-11 Rs. ———— is outstanding against the maintenance charges of the Water Works as per D.C.B.Statement for quarter ending 30th September 1943. The Government have observed on the Demand Collection and Balance Statement for June quarter that the sum outstanding then viz. 23300-0 2+79330 13-4 is very unsatisfactory and they therefore have passed orders for issuing notice to your Municipality intimating that the water supply will be shut down unless arrears at least to the extent of half are cleared within six months, as you have failed to abide by the orders of Government issued in this behalf.

Please therefore take this as notice on behalf of the Government that unless the arrears outstanding towards the maintenace charges of the Water Works are cleared within six months at least to the extent of half the amount, the supply of water supply will be shut down.

I request you to be so good as to place the matter before the Municipal Council and arrange for the payment of at least half the arrears outstanding as early as possible,

possible but not later than six months from date, to avoid the shutting down of water supply to the Town.

I have the honour to inform that Government have passed orders in connection with the outstanding arrears due from the Kolar/Shimoga Town Municipal Council that notices may be immediately served upon the Municipal Council intimating that the water supply will be shut down unless arrears at least to the extent of half are cleared within six months, as the Municipality has failed to abide by the orders of Government issued in this behalf. A notice has therefore been served on the Kolar/Shimoga town Municipal Council this day to the above effect(copy enclosed).

A copy of letter No.L. 6662/Ml. 118-40-73 dated 4th January 1944 of the Secretary to Government, Law Department in this connection is also enclosed for information.

I request you to be so good as to issue necessary instructions to the President, Town Municipal Council, for the adjustment of at least half the dues before the stipulated period.

I have the honour to be,

Sir,

Your most obedient servant,

Sd/- S Parthasarathy,
Director of Public Health.

D C B Statement for the quarter ended 31st March 1944 of the A M charges of water supply works in charge of the Bureau of Sanitary Engineering

6063 & LSG 1944

In continuation of this office letter No C 77-105 dated 15th May 1944 regarding the arrears of maintenance charges of the several Water Works in charge of the Bureau of Sanitary Engineering, I have the honour to enclose herewith a copy of the D C B Statement for quarter ending 31st March 1944 received from the Sanitary Engineer, with a copy of his letter No 1218 dated 11th May 1944 for the information of Government A Statement giving names of Municipalities who have defaulted in payment 1/12 of the A M estimated amounts monthly in spite of reminders and another statement shown, the amounts realised in April 1944 but which are not taken to the D C B Statement on account of late receipt of challans are also enclosed

The Sanitary Engineer reports that the Municipalities of Arsikere and Hoskote and the District Board of Mysore, have been paying the actual outlays incurred month after month contrary to the Government Order of March 1943 which enjoins the payment of the 1/12th of the estimated amount in advance

A copy of the D C B Statement is also sent to the Comptroller by the Sanitary Engineer with a request to adjust the outstandings out of the closing treasury balance at the credit of the Municipalities concerned

Re - D C B Statement for the quarter ended 31-3-1944 of the A M charges of water supply stations in charge of the Bureau of Sanitary Engineering

---

In continuation of this office No 793 dated 25th January 1944, I have the honour to submit herewith the D C B Statement in duplicate for the quarter ended 31-3-44 The outstandings continue to be heavy and even the current year charges are not paid regularly in monthly instalments as contemplated in G O No L 9090-9102/M1 120-42-179 dated 9-3-1943 The procedure laid down in the said Government Order is being strictly followed Reference to this office reminders numbers and dates are tabulated in the second half of the statement Inspite of all these, except in case of some local bodies, the arrears remain uncleared and even the current year's charges are also allowed to mount up I am enclosing herewith a statement of local bodies who have defaulted in payment of 1/12th of the A M estimated amounts monthly even in spite of repeated reminders Another statement showing the amounts realised in April 1944 and which are not taken to the D C B statement on account of late receipt of challans, is also submitted

The Municipalities at Arsikere and Nosakote and the Mysore District Board have been paying the actual outlays incurred month after month This is contrary to the Government Order cited above, which emphasizes the necessity of paying 1/12 of A M estimated amount in advance

A copy of the D C B statement is also being sent to the Comptroller in Mysore with a request to adjust the outstandings out of the closing treasury balance at the credit of the municipalities concerned

In conclusion, it is however, to be stated that in spite of the required action being taken by this office, the response received from the local bodies, has not been very promising

OFFICE OF THE DEPUTY COMMISSIONER,
KOLAR DISTRICT,
KOLAR DATED 31st July 1944

The Secretary to the Government
of Mysore, Law department,
Bangalore

Sir,

Maintenance charges of Kolar Water works

With reference to your letter No L 601-8 M1 118-42-77 dated 24/7/44 regarding the clearance of arrears and the regular payment in advance every month of the water maintenance charges by the Kolar Town Municipality, I have the honour to state as follows

The Director of Public Health in Mysore, addressed this office in February 1944 referring to Law Secretary's No L 6662 ml 118-42-73 dated 4/1/44 stating that the balance of arrears on 1/7/43 was Rs, 23,300 in Kolar Municipality and that the Municipal Council would be served with notice to shut down the water supply unless half the arrears are paid up within 6 months Mr T Ramaiya the then Deputy Commissioner after enquirying into the matter instructed the President of the Municipality to place the subject for the scrutiny of the Municipal council in order to wipe out the heavy arrears allowed to be accummulated in previous years Instructions were also issued to pay up the monthly instalments in advance as per standing orders The President of the Municipality having considered the resources and the arrears of taxes due in the Municipality reported on 15/2/44 that every effort was continued to be made to make the monthly advance payments and that as the accummulated arrears were heavy, the council were not able to discharge this heavy liability despite their best efforts to collect the arrears It was also noticed that the arrears shown in the books of the Sanitary Engineer included certain incorrect demand during the year 1943-44 by taking a corres

by taking a monthly demand of Rs 1293/12/0 as against a correct demand of Rs 1166/10/8 A copy of the statement showing that the monthly payments during 1943-44 are being promptly made is enclosed for reference The payment for the month of July 1944 has also been made Similarly the charges for 1942-43 and 41-42 have all been paid up In order to ascertain the exact arrears and to take action for writing off the old arrears, the Director of Public Health was requested to furnish his opinion in the matter A copy of the last letter dated 10/7/44 addressed to him on the subject is enclosed for favour of reference The Municipal council have again considered the question in their meeting on 22/5/44 and resolved pleading inability of the council to meet the arrears arrears in view of the havy comunitments on hand, and the drainage works undertaken by the Municipality For the drainage, sbhere, the Municipality has paid Rs 5,000/ and has to meet Rs 11,000 during the year for the second stage A copy of the resolution is also enclosed The normal receipts in the municipality are equal to the normal expenditure leaving no scope for making provision to pay up the previous arrears In these circumstances I recommend that the arrears due to the department of Sanitary Engineer, will have to be eventually written off the books The Director of Public Health has also been addressed to kindly furnish me with his opinion, the exact amount shown as due by the Municipality to enable me to seek orders of government for their kindly waiving the recovery

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,

Sub: maintenance charges of Kolar water Works

In continuation of my letter of even number dated 29-7-44 on the above subject, I have the honour to forward herewith a copy of letter No C 85-28 dated 3-8-44 from the Director of Public Health in Mysore, Bangalore stating that the Government may be approached in the matter of remission of the arrears due by Kolar Municipality on account of water maintenance charges upto the end of January 1940, I have the honour to state that the arrears of Rs 16,768/- were allowed to be accumulated upto the end of January 40, as the financial position of the Municipality was not strong to meet this recurring expenditure On a representation made by the Municipal Council the question was recommended for the sympathetic consideration of Government to waive the recovery It was ordered in Government Order No L 9007-9 M 1-96-39-10 dated 22-10-40 that the balance of Rs 16768 be treated as a loan against Municipality to be repaid in 8 annual instalments with interest @ 4% per annum It is reported that the position of the Municipality has not improved inspite of pooling up all its resources to discharge this heavy liability and that owing to its heavy annual commitments and its undertaking the drainage scheme of the Town for which estimates for Rs 33000/- are on hand the Municipality is not in a position to repay the loan in question in the near future In view if the additional population of the Town owing to the importance of Kolar Aerodrome works, the expenditure in the Municipality on Public works, Sanitation and water works is on the increase while the income is normal In these circumstances the prayer of the Municipal Council to waive the recovery of the arrears deserves sympathetic consideratio ~~can be expected~~ as no further improvement of the sources of the income can be expected

I request you to be so good as to kindly move Government to reconsider the orders passed in the G O noted above and obtain their kind orders to waive the recovery of the existing arrears of Rs 16,768/- and

interest therein, I have recommended

Arrears of maintenance charges of Kolar Water Works

Sir,

I have the honour to invite kind reference to this office letters of even No dated the 29th July 1944 and 15th August 1944 requesting kind orders of Government for waiving the accumulated arrears of Rs.16,768/- with interest due by the Kolar Town Municipality to the Sanitary Engineering Department on the above said account and to state that the balance is being carried forward every year from 1940 As already explained by my predecessors, the Municipal Revenue is inelastic and despite the best endeavours made to improve the position, the Municipal Council have not been able to meet this heavy demand Under arrears outstanding for a long time Due to the increased importance of the town on account of the Kolar Aerodrome works, the items of expenditure are unavoidably increasing with the result that there is no prospect of discharging this old arrear Besides more important schemes such as intensive drainage works and a supplementary scheme for increasing the inadequate supply to the eastern half of the town have been tackled during this year by the Municipality involving an expenditure of about 45000 These schemes will have to be continued during the next and succeeding years also for which equal amounts may have to be provided for. Apart from this, the work of forming new extensions near the water works and the Railway station has also been taken on hand in pursuance of kind instructions of the Dewan, who visited the town in May 1944 In view of these heavy commitments, the prayer of the Municipal Council to waive the previous arrears on Water Maintenance charges appear reasonable as it has already been supported by Messrs T Ramaiya and George Matthan, while they were in charge of this District

In these circumstances, I request you to be so good as to place the case before Government and obtain their kind orders to waive the arrears

The connected file has already been submitted and orders thereon are awaited

I have the honour to be,
Sir,
Your most obedient servant,

For Deputy Commissioner, Kolar

Demand, Collection and Balance Statement of Annual Maintenance Charges of several water supplies under the control of the Bureau of Sanitary Engineering for the quarter ended 31st December 1944

I have the honour to forward herewith the D C B Statement referred to above and to state that in spite of required action being taken as instructed in G O No L 9090-9102/41 120-42-179 dated 9th March 1943, the outstanding arrears continue to be heavy and especially in case of some local bodies even the response to the repeated reminders pressing for payments is far from being promising .In the case of the marginally noted municipalities, the monthly 1/12th advance of the A M estimates

Name of W S Work		Amount of Cost	Monthly advance to be paid	Months for which still due
1	Attibele	1,177	98- 1-4	6 months from July to December 1944
2	Nagamangala	3,037	253-1-4	6 months from July to December 1944
3	Seringapatam	9,371	780-14-8	do
4	Arkalgud Fort	2,850	237- 8-0	do
5	Arkalgud Petta	2,498	208- 2-8	do
6	Honanur	4,966	413-13-4	do
7	Arsikere	11,864	988-10-8	5 months from Aug to December 1944

are not received and the issue of three reminders every month has not bettered the situation The arrears continue to mount up and even the current charges are not cleared promptly with the result that the outstanding a rears remain at a high level

I am enclosing herewith a separate statement showing the amounts received from several local bodies during the period from 1-1-45 to 8-2-45 These amounts though mostly covering the periods from July 1944 to end of December 1944, and although credited by the local bodies well in time, could not be taken to accountsearlier as the Treasury challans are generally received very late

Action may kindly be taken to adjust the arrears of water
